DETAILED ACTION

1. Claims 1-3 are allowed.

Priority

2. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. JAPAN 2003-109080, filed on 4/14/2003.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on 3/30/2004 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is considered by the examiner and the initial and signed copy of PTO 1449 is provided herewith.
4. The following is an examiner's statement of reasons for allowance: the prior art of the record teaches the force feedback input device an operation section to be operated by an operator and position detection section for detecting an operating state of the operation section and force feedback generation section for applying force feedback to the operation section and an external device; however, the prior art of the record particularly fails to teach or fairly suggest in combination with the other elements and features of the claimed invention regarding claims 1-3, a force feedback input device

Art Unit: 2121

comprising: a haptic commander for controlling driving of the force feedback generation section on the basis of the position information output from said position detection section and part data transmitted from said external device and for applying to said operation section, predetermined force feedback corresponding to the operating state thereof wherein haptic commander comprises a part data storage section for storing said part data transmitted by said external device and a part management table for managing enabled and disabled states of each piece of part data stored in the part storage section and the haptic commander switches between the enabled and disabled states of said part data registered in said part data management table in accordance with a management table updating command transmitted by said external device, controls the driving of said force feedback generation section on the basis of said part data which is enabled by said management table updating command and applies to said operation section, predetermined force feedback in accordance with the operating state thereof.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
